

1. Login under “SAP*” administration user. (if you’re using our [Fully Pre-Installed Local SAP System](#) use this password “Down1oad”)

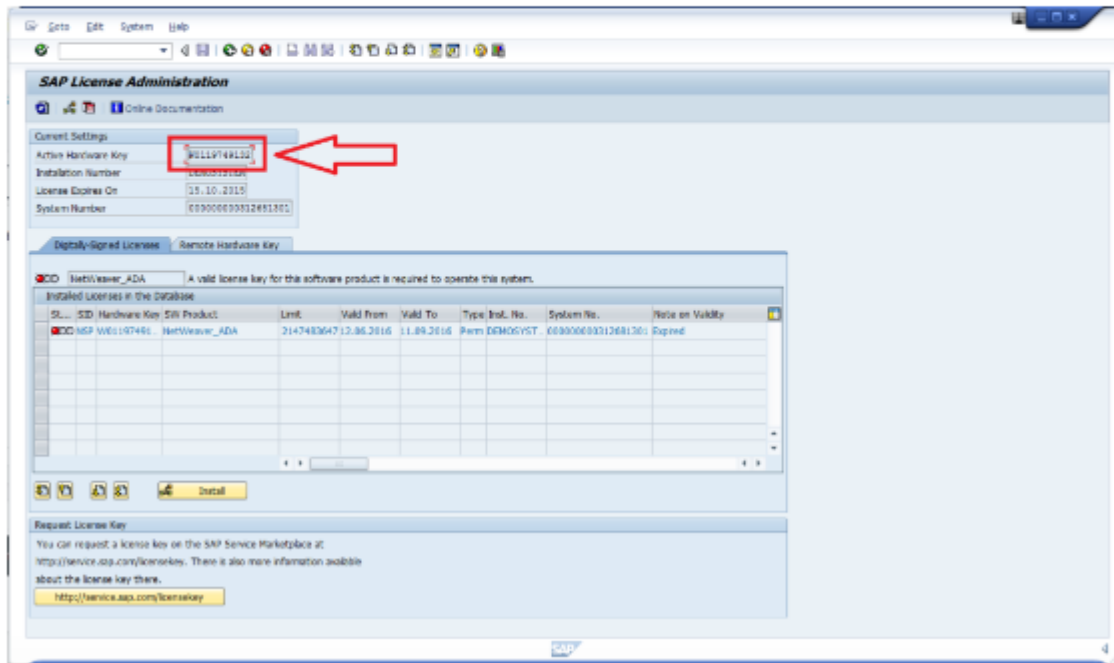

Note: If you already have the new licence key file, you can go directly from here to step 9.

2. Go to “SLICENSE” transaction.

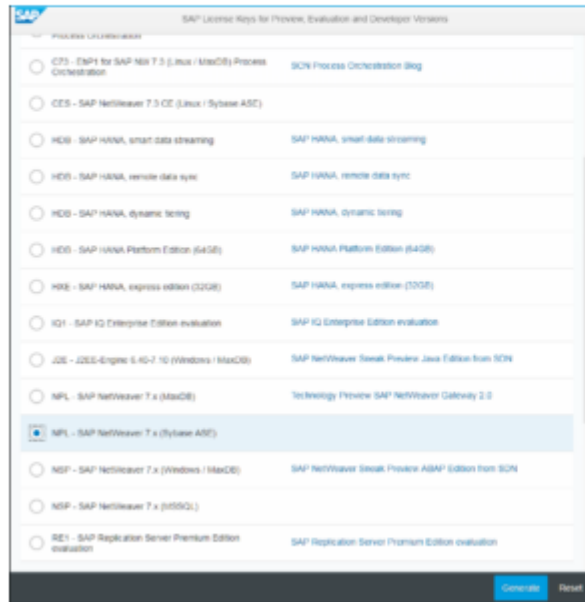

3. Get "Hardware key".

In this transaction you see your expired license. You will need "hardware key" to get your license prolonged.

4. Go to SAP portal form to ask to prolong the license (<https://go.support.sap.com/minisap/>)

5. Find the system name, which you are going to get the prolonged license (in case -that you have bought SAP system from ABAP Academy- use 'NPL' for your [SAP NW Trial system](#))

The screenshot shows a web interface titled "SAP License Keys for Provision, Evaluation and Developer Versions". It features a list of radio buttons for selecting different SAP products. The "NPL - SAP NetWeaver 7.x (SAP ASE)" option is selected and highlighted in blue. At the bottom right, there are "Generate" and "Reset" buttons.

Product	License Key
<input type="radio"/> CPS - SAP for SAP NW 7.3 (Linux / Mac OS) Process Orchestration	SON Process Orchestration (SOP)
<input type="radio"/> CES - SAP NetWeaver 7.3 CE (Linux / Sybase ASE)	
<input type="radio"/> HDS - SAP HANA, smart data streaming	SAP HANA, smart data streaming
<input type="radio"/> HDS - SAP HANA, remote data sync	SAP HANA, remote data sync
<input type="radio"/> HDS - SAP HANA, dynamic testing	SAP HANA, dynamic testing
<input type="radio"/> HDS - SAP HANA Platform Edition (SAPSE)	SAP HANA Platform Edition (SAPSE)
<input type="radio"/> HXS - SAP HANA, express edition (SAPSE)	SAP HANA, express edition (SAPSE)
<input type="radio"/> IQ1 - SAP IQ Enterprise Edition evaluation	SAP IQ Enterprise Edition evaluation
<input type="radio"/> JDE - JDEE-Engine 6.40-7.10 (Windows / Mac OS)	SAP NetWeaver Java Edition from SON
<input type="radio"/> NPL - SAP NetWeaver 7.x (Mac OS)	Technology Preview SAP NetWeaver Gateway 2.0
<input checked="" type="radio"/> NPL - SAP NetWeaver 7.x (SAP ASE)	
<input type="radio"/> NSP - SAP NetWeaver 7.x (Windows / Mac OS)	SAP NetWeaver Java Edition from SON
<input type="radio"/> NSP - SAP NetWeaver 7.x (SAP ASE)	
<input type="radio"/> REP - SAP Replication Server Premium Edition evaluation	SAP Replication Server Premium Edition evaluation

6. Then scroll down to find additional data to fill out.

Fill in all the required fields (in order to ask for license, you need to have you SCN user registered)

The screenshot shows a web form for SAP NetWeaver evaluation. At the top, there are four radio button options for different SAP products: NPL - SAP NetWeaver 7.x (Sybase ASE), NSP - SAP NetWeaver 7.x (Windows / MaxDB), NSP - SAP NetWeaver 7.x (MSSQL), and RE1 - SAP Replication Server Premium Edition evaluation. Below this is a section titled "Personal Data & System Info" containing fields for Salutation* (Mr/Ms), First Name* (Ladislav), Last Name* (Rydzik), Email Address* (redacted), and Hardware Key* (redacted). A red box highlights these fields. Below is the "License Agreement" section with a checkbox for "I Agree*" and a link "Click here to View the License Agreement". A red box highlights the checkbox and link. At the bottom, there is a note "* Marked fields are required" and two buttons: "Generate" and "Reset". A red arrow points from the top right towards the "Generate" button.

☒ NPL - SAP NetWeaver 7.x (Sybase ASE)

☐ NSP - SAP NetWeaver 7.x (Windows / MaxDB) SAP NetWeaver Sneak Preview ABAP Edition from SDN

☐ NSP - SAP NetWeaver 7.x (MSSQL)

☐ RE1 - SAP Replication Server Premium Edition evaluation SAP Replication Server Premium Edition evaluation

Personal Data & System Info

Salutation*: ☒ Mr ☐ Ms

First Name*:

Last Name*:

Email Address*:

Hardware Key*:

License Agreement

I Agree* ☒ [Click here to View the License Agreement](#)

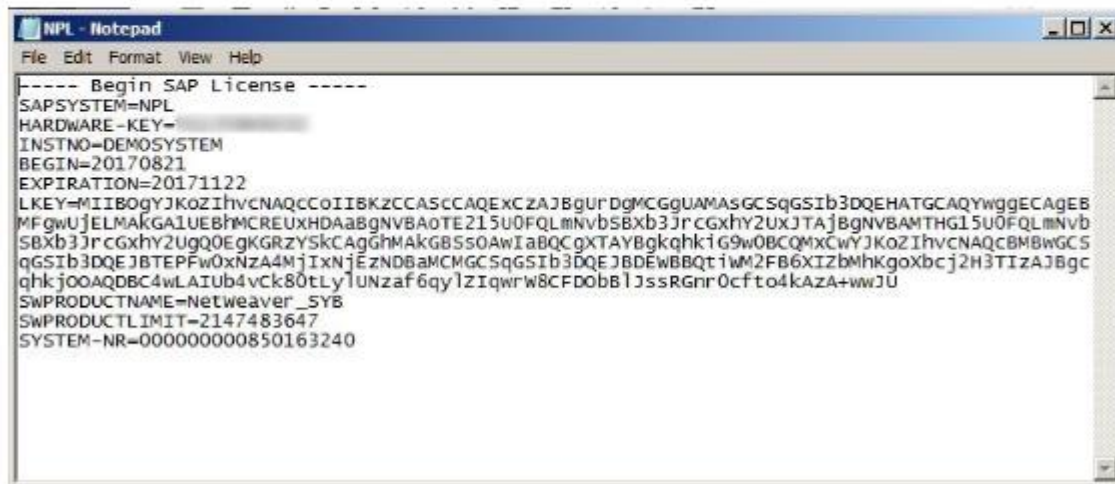

* Marked fields are required

7. Hit "Generate".

8. Right after generating license file, your browser starts to download license file.

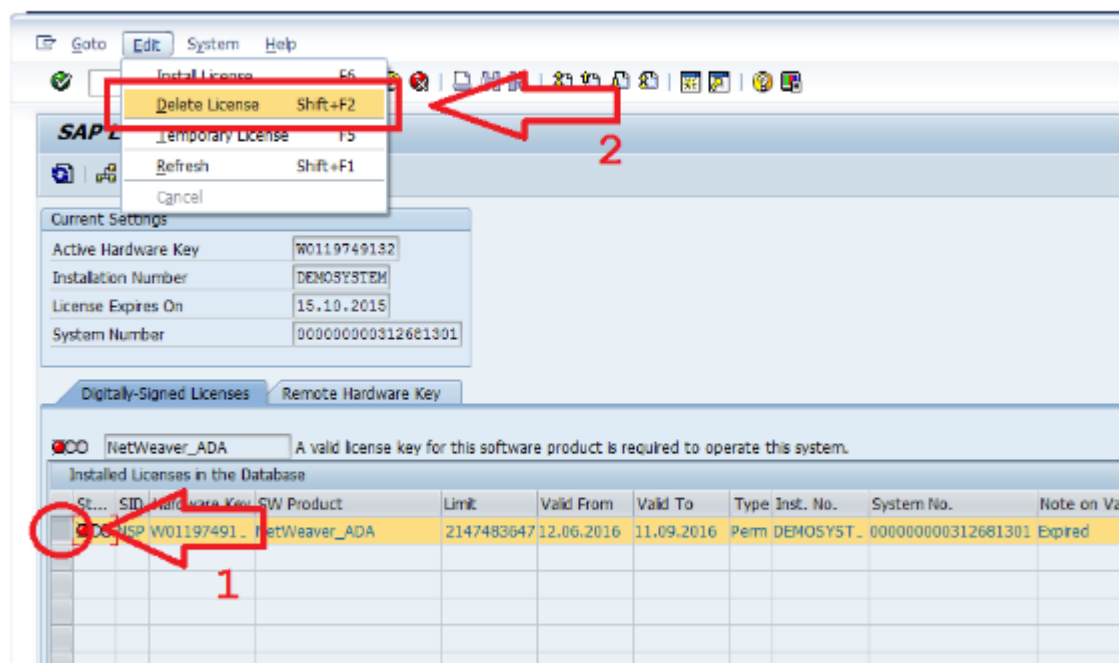

Check your Downloads folder on your machine or check downloads part of your browser.

Download license file ("NPL.txt" file)

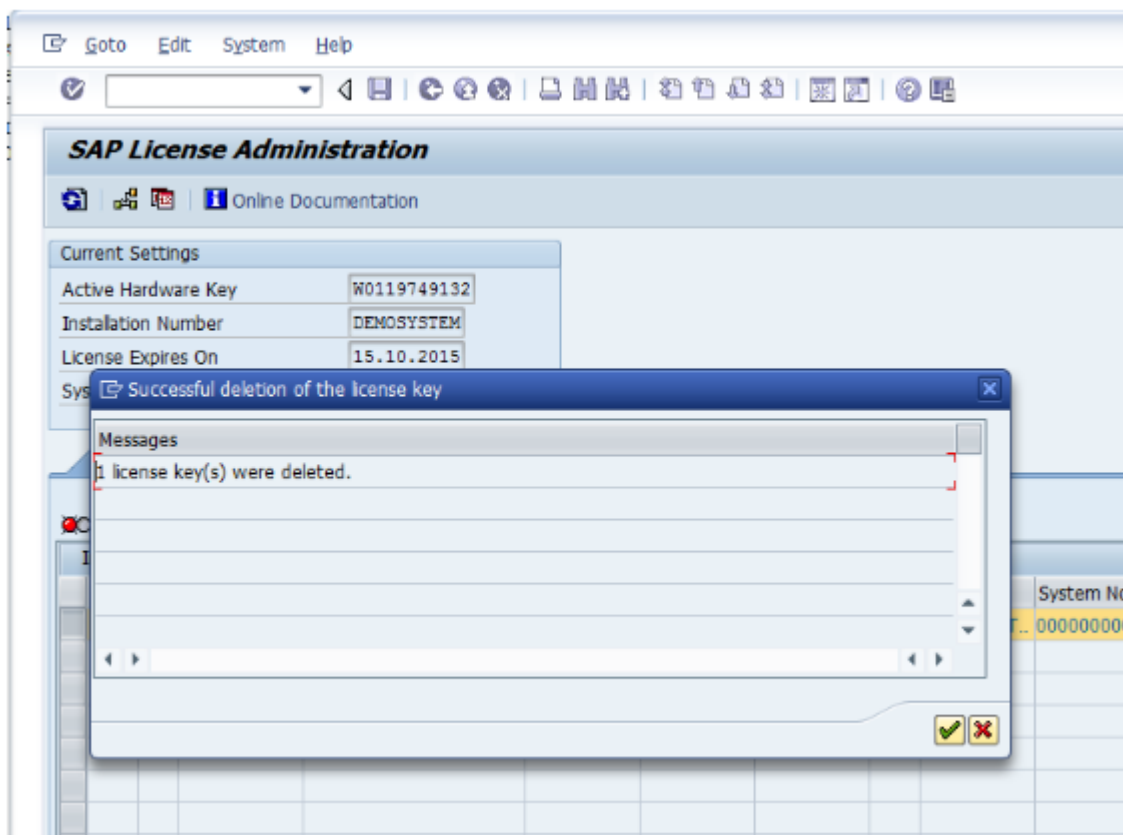

```

9. Go to "SLICENSE", choose the old installation and remove the old license (Edit -> Delete License or press Shift+F2)

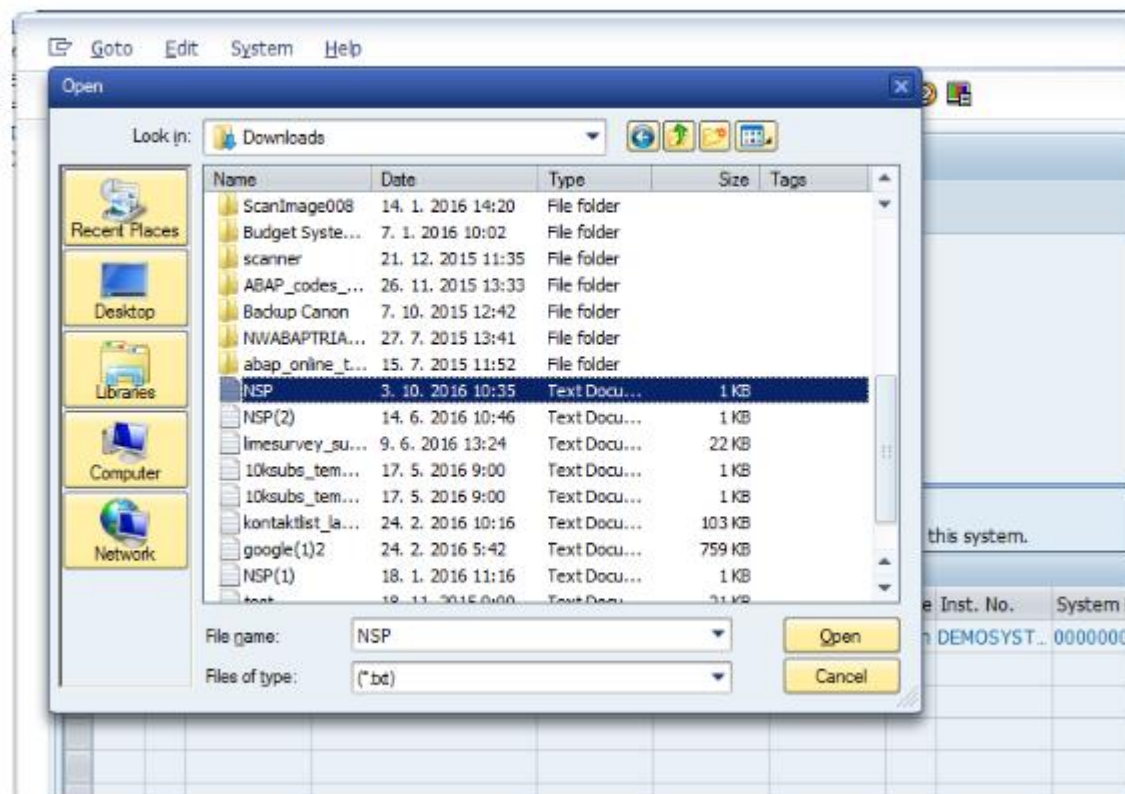

.. and press "OK" button ..

10. Install new license (Edit -> Install License or press F6)

11. Choose the license file and press "Open"

The screenshot displays the SAP License Administration interface. At the top, there is a navigation bar with 'Goto', 'Edit', 'System', and 'Help' menus. Below this, the 'SAP License Administration' title is visible, followed by icons for file operations and a link to 'Online Documentation'.

The 'Current Settings' section shows the following information:

- Active Hardware Key: W0119749132
- Installation Number: INITIAL
- License Expires On: 15.10.2015

A system message dialog box is open in the center, titled 'Successful installation of permanent license key'. It contains a 'Messages' list with the entry: 'SAP license key(s) successfully installed.' The dialog has a green checkmark icon and a red 'X' icon at the bottom right.

Below the message dialog, a table is partially visible, showing columns for 'System No.' and 'System No.'. The table is currently empty.
